

Giant G2700 X-TRA HD

General features

Brand	Giant
Subcategory	Wheel loader
Construction year	2021
Hourmeter reading	434
Color	Yellow
Condition	Used
General condition	Very good
Fuel	Diesel
CE marking	Yes

Characteristics

Empty weight	2.550kg
Load capacity	1.950kg

Giant G2700 X-TRA HD

Technical specifications

Engine output	50hp
---------------	------

Description

The G2700 X-TRA HD is equipped with a powerful 50 hp Kubota engine, which meets the latest emission standards for clean engines. The GIANT articulated loader is equipped with 8-tonne planetary axles with limited slip and these provide a traction force of 20,000 N and maximum travel speed of 25 km/h Whether working in infrastructure, on construction sites, for landscapers or earth moving. The G2700 X-TRA is suitable for a wide range of sectors and can be used all year round. The fact that it can be transported on a trailer ensures flexibility for the user. This makes the G2700 X-TRA HD easy to deploy wherever the job requires it.
